

July 18, 1990

Bill Nittler
PO Box 824
Mancos, CO 81328

Dear Bill:

This verifies your reception of KCWW on 1580 KHz on January 1, 1990. Thank you for your interest in KCWW.

Until January 1, 1990, KCWW's call letters were KNIX AM. KCWW operates at 50 kilowatts non-directional daytime and 50 kilowatts directional at night with a six tower array. Our transmitter site is in Mesa, Arizona, latitude N33-27-22, longitude W111-50-01.

I hope you find this information useful in your DX work.

Sincerely,

Robert A. Van Buhler
Manager of Engineering
