

January 26, 1982

Bill Nittler
Box 36
Nucla, Colorado 81424

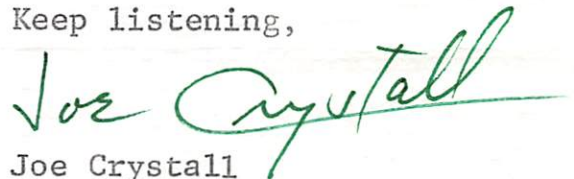

Dear Bill;

This will verify your reception of KGVY, Green Valley, Arizona on January 13, 1982 from 5:30 P.M. MST to 5:45 P.M. sign off.

KGVY broadcasts on 1080 khz with daytime power of 1KW and a one hour pre-sunrise authorization at half power. Our signal, as you can see from the enclosed map, is almost circular. We find, generally, a radius of 65 miles for our .5 mv signal.

We went on the air September 23, 1981, two months after our cp was issued.

Keep listening,

Joe Crystall
President/General Manager

JC/ph
