Maurice W. Nittler
4590 S Julian
Englewood, Colo.

Mr. Nittler -

You did receive my program OK. I go on the air at 12⁰⁵ AM and stay until 6 AM, its called "Hoot Owl" and I am known as "Coyote" we have been 24 hours about four years now I was off for six months, on account of "Cataracts" operation.

If you can get me at a certain time, let me know so I can dedicate a "Howdy" to you or a song. We operate on 1000 watts in the daytime, at night we drop down too 250 watts, I was surprised that you could pick us up. I guess when you have cloudy weather the reception is easier.

Hope you will write to me a lot

Your air friend
H. "Coyote" Wolfe
