

KLKY RADIO **1130 AM**

September 18, 1986

Mr. Bill Nittler
P. O. Box 824
Mancos, CO.
81328

Dear Bill:

Thank you for your letter! I was pleased to hear that you DX'd KLKY at such a distance! Here are a few facts about Lucky Radio: 1) We signed on the air on June 28, 1986 (and recieved our license today!), 2) We are an affiliate of the Satellite Music Network, "Stardust" Format with live drivetimes on weekdays (8-10a & 4-6p) and on Saturday (9a-12n) and Sunday (12n-4p). We're a 1KW day-timer, using a vintage Gates BC1J Transmitter which sits 3 miles north of us on State land. We're using a Micro Controls STL @ 450.98 Mhz. as a program link between sites. (Sorry 'bout the typos, I never claimed I could type!), 3) We've got a staff of 10 who are working their tails off trying to justify a start-up in an exhisting market of 5 other locals and a half-dozen out-of-towners on repeaters!

I have included some of our PR stuff in the event you are like most DX'ers and collect it. We're very proud of our Hawaiian Holiday Promotion (poster attached). It has been a great help to us in opening doors that otherwise wouldn't!

Thanks for the good luck, and give our best to your radio club!

Sincerely,

John Hesterman, GM
