

Southern Arizona's Best

February 23, 1988

Bill Nitter
Box 824
Mancos, Co. 81328

Hi Bill,

I'm sorry about your first letter that you didn't get a reply on. But here is your verification.

We have been playing this type of format since August 1, 1987. Your letter was quite a surprise to us, because we didn't know that our Radio waves were traveling that far. I don't have any idea as to where Mancos, Colorado is located, but I can give you an idea where we are. You can find Tucson, Arizona on the map, we are located 75 miles southeast from Tucson, 35 miles from the Arizona, Mexico border.

During the day we push 2500 watts and at night 31.5 watts. I would like to thank you very much for your letter, again I'm sorry your first letter wasn't answered.

I am also pleased that you enjoy our format and hope you will continue to listen to our easy music.

Best of luck in your hobby and we are proud to be the 3,116th Radio Station that has been added to your hobby, and Bill our phone number is on my card. Would love to hear from you.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Tuck", written over a horizontal line.

Rick Tuck
