Our apologies for not getting back to you sooner. It is always nice to hear from people completely out of our normal broadcast area.

We broadcast at 2500 watts daytime and 500 watts night time at 1420 on the A M dial. While we are in the geographic center of the State of Arizona, we are in the tall pines under the Mogollon Rim. Enclosed you will find a magazine extolling some of the qualities of the area, along with a KMOG bumper sticker.

Once again, thank you for your note from the great state of Colorado.

Sincerely,

A handwritten signature in black ink, appearing to read 'Hayes Stewart', is written over the typed name and title.
