Mr. Maurice W. Nittler,
2818 So. Cherokee,
Englewood, Colorado.

Dear Mr. Nittler:

We are pleased to confirm your reception of Radio Station KNOT in Prescott, Arizona.

The station is 250 watts into a $\frac{1}{4}$ wave vertical guyed tower. The radiation tends toward a good wky wave that has resulted in some excellent DX contacts. Recently confirmed was reception in New Zealand.

Reception on your receiver with a built-in antenna indicates that you enjoyed a good strong signal at the time of reception.

Thank you for your interest.

Sincerely yours,

Franklyn E. Brown,
Chief Engineer.
