

May 6, 96

Hello Bill.

Good listening up there in the Rockies eh? KSLX AM is 1440 AM from sunrise to sunset. Since Appx. Nov 95 we have simulcast KSLX FM also on 1440 AM. Prior to simulcasting, 1440 AM was the famous KOPA AM, a popular frequency in the '60's + '70's w/a 30 year Valley of the Sun history. The KOPA call letters are displayed in the radio room of the Rock & Roll Hall of Fame. Take care & happy listening -

Sean Miller
