Dear Mr. Nittler,

Thank you very much for your kind letter of December 9, 1963. We're sorry it has taken so long to reply, but the holidays are especially busy for us.

The logging of the programming you received was perfectly accurate. Our location is in the Christown Shopping Center, overlooking the beautiful court of fountains in the center mall.

KUEQ is a good music station with adult programming, and we carry, live from New York City on Sunday afternoons from 1 to 3, the New York Philharmonic with Leonard Bernstein conducting. You may be interested to know that we come in over KCBS in San Francisco at sign-on at daylight. It gets quite interesting at times.

We certainly appreciate hearing from you, and if you are ever in Phoenix please feel free to come up and see our operation.
