April 24, 1981

Bill Nittler
Box 93
Naturita, CO 81422

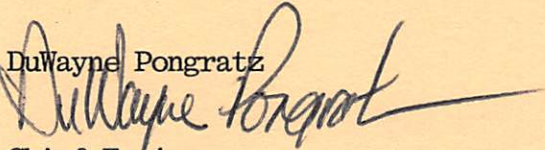

Dear Bill;

This letter is verification of your reception of KZZP on 3/27/81.

KZZP operates with a power of 5,000 watts daytime and 500 watts directional with two towers nighttime. During March we switch to night power at 6:30 PM, so you first caught us at 5000 watts.

Thanks for the report.

DuWayne Pongratz

Chief Engineer
