February 27, 1998

Dear Bill,

Thank you for your reception report of October 20th, 1997. This letter is to verify that you have received a morning broadcast of our station, *1200 CKXM Country*

We are located in Victoria, British Columbia (on Vancouver Island) which is the most westerly and southernmost tip of Canada. It is an extremely beautiful region with mild winters and pleasant summers.

We broadcast with a 50,000 watt transmitter which that at night, our signal can be picked up as far away as the Alaska highway and apparently, Colorado as well! If you would like to learn more about us, we're found on the world wide web at www.ckxm.com.

Also, enclosed are some CKXM stickers and your two US quarters. Don't worry, the postage is no problem for one of our international listeners!

Thanks again Bill!

Sincerely,

A handwritten signature in black ink that reads "Hayley A. McCreary". The signature is written in a cursive, flowing style.

Hayley McCreary
