Mr. Bill Nittler
Box 824
Mancos, CO 81328

Dear Bill:

We appreciate your interest in our radio station KBPA 1220 AM. It's interesting that the signal comes all the way in Colorado. That's great to hear. Last week we received word on reception in Japan. A student set up antennas and received reception, it wasn't very good but it was something.

We've been in business now for over 6 years. Our other format is International media, such as Asian, Indian, and Afghani. We have all AM stations mostly in the talk show format. Personal Achievement Radio is only syndicated in English.

Going into a new era of the year 2000, people are realizing the potential of themselves. They know that the only person they can really count on is themselves. The media is constantly airing negative shows. Our local news on television these days is only bad news. Our FM DJ's in the morning is not what we would want our children listening to while they are growing up. This is why we came up with the idea of positive talk radio. You can learn everything from Health to Wealth. We have many famous authors that we syndicate on a daily basis. Some names are Anthony Robbins, Zig Zigglar, Les Brown, Depok Chopra, Dennis Waitley, just to name a few.

What you heard was actually KBPA 1220 AM. We here at Douglas Broadcasting, Inc./Perosnal Achievement Radio hope to continue a relationship with our nationwide audience. Good luck with your endeavors.

Sincerely,

The Douglas Broadcasting/Personal Achievement Radio, Inc. Family
