PALM SPRINGS BROADCASTING CORP.
P.O. BOX KK, PALM SPRINGS, CALIFORNIA

1 March 58

Dear Maurice,

Thanks for the nice D.X. letter.
Checking our log I find the times you
have listed to be correct.

K.C.M.J. changed from 1340KC and 250 watts
to our new freq. & power 29 Jan. We use
two towers with a 1000W day pattern and a 500W
night pattern. The reg is an RCA with 833A^{'s} as
Mod. and 833A^{'s} in the final.

Happy DXing, we have a few of the
NR C members here in Palm Springs,

73's
Del Davitt
Chief Engr.
