Dear Bill,

In regards to verification as to reception of KGRB on Feb 5 1982.

Hell yes ! Not only does your information jibe with our logs, but I was the Announcer on duty at the time.

Thank you for taking the time to write us a line.

We operate on an assigned frequency of 900 KC at 500 watts from the city of Industry being licenced for the nearest population center of West Covina.

Again, Thanks for writing and good Luck to you too

Sincerely
