Dear Bill:

I thank you for the letter on receiving KHPY. We have only been on the air about 2 months in the expanded band. We have a 3 tower array from our old 1530 and are using them now to direct our night time power of 9000 watts toward the Pacific Ocean.

The 10,000 watt day is also from our DX10 transmitter that has been converted to the 1670 kilocycles.

We plan to let 1530 disappear.

Thank you again,
