Mr. Nittler,

Thank you for the nice letter and report of your "DXing" adventures.

This will confirm the programming you reported on Feb. 14<sup>th</sup> to be correct and valid. We will happily add you to our growing list of listeners. While it may be amazing, we are the only station of substantial reach still programming adult standards ("Big Band") music in all of Southern California (Los Angeles to San Diego).

We appreciate hearing from you.

Sincerely,

A handwritten signature in black ink, which appears to read "Steve Atkins", is written over the typed name.
