PHONE 2020

Feb. 21, 1958

Maurice W. Nittler
2818 So. Cherokee
Englewood, Colo.

Dear Mr. Nittler,

Thank you very much for your reception report of our station on the morning of February 17, 1958.

This letter will serve as a verification of your reception, as you did send us a very complete report of our operation between 1:42 and 2:25 AM MST. (12:42 to 1:25 AM PST.)

The Susanville Junior Chamber of Commerce was holding a radio auction to raise funds for a portion of the community's share in the cost of a new County General Hospital. The Auction was on the air for a little over 13 hours, and raised \$6,016, from the donations sold and from cash donations.

Susanville is located in Northeastern California, on the eastern slope of the Sierra Nevadas, at a elevation of 4,195 Ft. We are operating with a composite transmitter, with a power of 250 Watts.

Thanks again for your fine report of reception.

Yours for good listening,

Hal Houston
Hal Houston, Chief Engineer.
