Bill,

Thank you for your interest in KCWR. We are Bakersfield's newest call letters on AM after 25 years as KUZZ-AM. We are still the sister station of KUZZ-FM, and owned by Country legend Buck Owens. Your report comes as no surprise, as we here from DX'ers from all over the world from time to time. We have always had a big signal since moving from 970 to 550 Khz with a non-directional daytime power of 5 Kw.

I used to enjoy your hobby when I was younger and had a similiar listening station. I was also a CB'er and Ham operator for years before getting into commercial broadcasting.

Thank you again for your interest, and except this letter as verification of your reception.

Sincerely,

A handwritten signature in black ink that reads 'Evan Bridwell'.
