Dear Sir:

It is with pleasure that I confirm your reception of KBNZ.
We operate on 1400 KC every month on the third Thursday from
2:30 till 2:45 AM CST. for frequency checks for our station.

We will be glad to get letters from you and any others who hear
our station. Soon we will have all new transmitting equipment,
and will be running a series of tests. So will be glad to get
DX reports.

Yours truly

Don J. Smith
Commercial Manager
Chief Engineer
