Dear Mr. Nittler:

Delighted to receive your letter saying you picked us up on March 18. This will confirm the programming at that time. It is also interesting to note that the last time you picked up this station was in 1955. At that time it operated on 250 Watts, and reception in Nebraska was most interesting. We have been picked up in Honolulu, Australia, and Canada, or at least we have been notified of such reception.

Thank you for your interest.

Sincerely,

Jack East, President
KBRR Radio
