Dear Mr. Nittler;

We received your letter letting us know that you had picked up our radio station. Thank you so very much for writing to us.

KCMN is a middle-of-the-road station playing hits from the big bands right up to today's soft hits. We have only been on the air since September 1982 and have had a grand reception in Colorado Springs. Our sound has made quite an impact on the market here!

Keep listening and let us know if you receive us again!

Sincerely,

A handwritten signature in cursive script that reads "Jim".
