September 24, 1965

Maurice W. Nittle
4590 S. Julian St.
Englewood, Colorado 80110

Dear Mr. Nittle:

This will serve to verify your reception of KDKO on September 1, 1965.

We are operating on reduced power of 250 Watts and, at the time of your reception, with a flat top antenna. We are still on reduced power, but are now transmitting from the tower at our old location.

Thank you for your letter and hope you keep listening.

Cordially,

Edward M. Guss
Station Manager
