Mr. Bill Nittler
603 W. 1st St.
McCook, NE 69001

Dear Mr. Nittler:

This is to verify the transmission of the material, cited in your letter, by KEDI-AM. Also to verify the station I.D., also cited in your letter.

At that time of day, our Collins 20V-3 transmitter was operating at reduced power (250 watts) on a quarter wave antenna.

Sincerely,

A handwritten signature in blue ink, appearing to read "Phillip H. Paul".
