Dear Maurice:

This letter verifies your report, in your letter of January 17th, 1955. KFTM was on the air for testing purposes at the time you heard us.

We have received letters from each side of the nation. One report from V. Eugene Cameron, Spokane, Washington, also a National Radio Club member. Another card reached our desk from Bernard Duffy, Staten Island, New York. Also in our files, is a report from Everett Johnson of Mendota, Illinois.

We certainly appreciate you dropping us a note of verification of our report.

Very sincerely yours,

MAC MCGRAW,
General Manager
