Dear Sir:

Thank you for your report on K G I W 's recent Freq.
Check with Commercial Radio Monitoring Co. of Kansas City.

We are always interested in receiving these reports
as we like to know where we are getting to.

K G I W is located in the San Luis Valley, at Alamosa.
The Valley is 75 miles wide and 125 miles long and we are
completely circled by mountains. Standing in the front yard
we can see 7 mountains over 14 thousand feet high. The Elevation
at the base of our tower is 7,553 feet. We have a double tapered
guyed tower 150 feet high. K G I W was first put on the air in
1929 so this month we will celebrate our 29th anniversary.
We are the tenth oldest station in the state of Colorado

Thanks for your report
