Mr. Bill Nitler
Box 824
Mancos, Co. 81328

Dear Bill;

Thank you for your reception report for KHTH. The programming you reported receiving did occur on our station at the date and time you report, and I have attached a copy of your report for your records.

KHTH began Program Tests on June 30, 1987. Our schedule was sporadic from that time until September 28, 1987 when we began operating daily within the limits of our authority. Our license was issued September 3, 1987. Our transmitter is a Continental Electronics Type 315R-1, 5 KW. Our tower is 72.1 meters tall with 3.0 meter radius top-hat utilized for electric top loading. It is located at North latitude: 39 degrees, 29 minutes, 52 seconds; West longitude: 106 degrees, 03 minutes, 11 seconds.

Yours is one of several reports we have received from Colorado and South Dakota; and we thank you for your report. I have enclosed one of our caps in appreciation.

Very Truly Yours,

A handwritten signature in blue ink, which appears to read 'Robin G. Theobald', is written over the typed name. The signature is fluid and cursive.

Robin G. Theobald
General Manager
