

September 3, 1987

Mr. Bill Nittler
Box 824
Mancos, CO 81328

Dear Bill:

This will confirm your reception of Radio Station KISZ-AM, 740 kHz, on August 30, 1987 between 7:07 and 7:29pm MDT.

Glad you caught us as we returned to the air. Actually, KISZ-AM did go back on the air after weeks of silence at approximately 10:47am that same day..and had gone back off at about 6:45pm for some minor adjustments. The station's transmitter and associated equipment suffered some major damage due to lightning damage several weeks back.

For your information, KISZ-AM operates with a daytime power of 1,000 watts non-directional and a night power of 250 watts directional.

Bill, I was most interested in your copy of the KVFC report from 1958. What nostalgia!

Next time you find yourself in Cortez with some extra time, please feel free to stop by the radio station. I'd enjoy meeting you and talking about your hobby. Also enclosed please find a copy of a monthly publication titled "FMedia". Its great information for FM DXers and those with media interests.

Again Bill, thanks for your report!

Sincerely,

A handwritten signature in blue ink that reads "Dan Kelley". The signature is written in a cursive style and is positioned above the typed name.

Dan Kelley
Station Manager/Program Director
KISZ FM & AM
