Hello,

I can verify your reception of KKGZ back on August 11th of this year. It was nice to hear from you and it sounds like you've had plenty of radio listening experience over the years. Thanks for tuning us in. I apologize that your first letter was never answered. Perhaps someone else at the station didn't realize what it was and threw it away. I honestly never received it and being the program director i should have. But anyway here's your verification and i've also enclosed a coverage map.

Thanks again for tuning us in!

Sincerely,

John Kelley
Program Director
