

KNRC
1201 18th Street
Denver, Colorado 80202

Dear Friend,

Your reception of KNRC-AM at 1510 khz on July 18, 2002 has been verified.

Our station transmits with an effective radiated power of 10 kilowatts omni directional from sunrise to sundown and utilizes a four tower phased directional array with an effective radiated power of 1.3 kilowatts from sundown to sunup.

Thank you for your interest in the new 1510 KNRC. Enclosed is a complementary window sticker.

Sincerely,

A handwritten signature in black ink, appearing to read 'Daniel Hyatt', with a long, sweeping flourish extending to the right.

Daniel Hyatt
KNRC Engineering
