Mr. Bill Nittler
Box 724
Meeker, CO. 81641

Dear Listener,

This letter is confirmation of your reception of KNUS in Denver on the following dates and during the times shown. The information on ~~tape recording~~ you provided was adequate to determine that you have received our station. ~~XXXXXXXXXXXXXXXXXXXX~~

KNUS operates full-time at 710 Khz with 5000 watts of power utilizing a directional antenna system. We use the same pattern day and night (DA-1) from four towers in a straight line spaced 770' apart on a bearing 119 degrees true. Our transmitter is located southwest of Brighton, Colorado about 20 miles northeast of Denver.

Enclosed is a copy of our current coverage map.

Reception confirmed:

Wednesday, August 10, 1983 at 8:34 P.M. MDT for a short period of time.

Sincerely,

Bill Harris, Chief Engineer
