Hi Bill

I'm sorry it's taken so long to answer your letter as we've been rather busy with the approach of Christmas.

You were indeed listening to KPAG on the 24th, I'm really surprised that you picked us up that far away as we are only a 1000 watt operation during the day.

I must ~~to~~ say I also share your feelings about this area of Colorado. I've been through a good share of this state and Pagosa Springs is the nicest area I've seen.

Thanks much for your letter and good luck in the future.

Sincerely Yours

Michael L. McKellip
