Dear Mr. Nittler:

This letter serves to verify your reception of KRYT June 26, 1965.

KRYT is a 1-kw non-directional station at 1530 kc. Our broadcast hours are sunrise to sunset. We went on-air on February 9, 1964.

As a broadcaster, I regret the way in which it was possible for you to receive us; that is, KDAB's transmitter washout. However, it was nice to hear from you, and we wish you best luck in your listening endeavors.

Yours,

Eliot Kohen
Program Director
KRYT
