5350 S. Roslyn Street
Englewood, Co 80111

Dear Bill....

Thank you for your letter where you describe hearing KTLK on 10/8/94.

KTLK is part of a four station group in Denver owned by Jacor Broadcasting Corporation. Our studios are located in downtown Denver. We employ about 200 people full and part time to operate the four radio stations. They are KOA at 850 kHz, KTLK at 760 kHz, KRFX at 103.5 MHz FM, and KBPI at 105.9 MHz FM. KTLK is a directional AM station running 50,000 watts daytime and 1,000 watts at night. The two FM stations both run 100,000 watts and provide programming in about a 100 mile radius of Denver. The FM stations are music and the AM stations are news/talk/sports.

Thank you for your interest in KTLK.

Jan Chadwell, P.E.
Chief Engineer
