3/2/71

Greetings:

We are continually surprised at the DX cards we receive. We have had them from Mass., the state of Washington and other parts of the South. Strange as it may seem, yours is the first card from the Denver area. Strange, because Vir James makes our freq check from the Denver area each month.

Thank you for your interest in what I was afraid was going to become a lost art, and/or hobby.

Take Care,

Jimm Seaney
Gen Mgr.
