Dear Bill,
Thanks so much for your letter. It's amazing that you were able to pick us up in Mancos. You must have quite a set up to pull in 1460AM.

We have just purchased 1460 KZNT a few weeks ago and we are in the process of making numerous improvements to the tower site. We hope to have a higher quality signal in the weeks to come. I wish I had some station logo premiums to send to you, but we haven't purchased those yet for KZNT. Thanks again.

Sincerely,

Phil Lewis
