3 February 1955

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska,

Dear Mr. Nittler:

This will confirm your report of reception of WRUF at approximately 0515 EST. during our regular schedule of broadcasting.

Your report of both program and time is essentially correct.

It was interesting to me to have you give the location of your city with respect to a large well known city, it is rather novel.

The only time I have been in your fair state was when enroute to San Francisco during the way, when the Navy transferred me out to the pacific. I stopped over in Omaha for about 3 hours while enroute.

May we wish you every success in your interesting hobby?

Very Truly Yours

Bertram M. McNamara
