Mr. Maurice W. Nittler,
P.O. Box 94,
Geneva, Nebraska

Dear Mr. Nittler:-

Thank you for your reception report of the WLAG frequency check on January 17th. Your report is correct, and we are pleased to send you this letter of verification.

Today's mail also brought a report of reception from Stuttgart, Arkansas--so possibly our 250 watt signal was moving in your direction on the 17th! Over the years we have received reports from practically every state in the Union, as well as Canada, New Zealand, Mexico and Cuba.

We appreciate your interest in writing, and wish you continued pleasure with your DX hobby!

Very truly yours,

Edwin Mullinax
General Manager
