

# KORL

## Radio Honolulu, Hawaii

January 16, 1961

Mr. Maurice W. Nittler  
3663 So. Clarkson  
Englewood, Colorado

Dear Mr. Nittler:

This letter will verify your reception report of our station. As you might know, we have recently changed our call letters from KKAA to KORL! We still operate on 650 KC with 10,000 watts of power, and have self-supported 330 foot tower. As always, we are glad to hear from our distant listeners.

Sincerely,

James R. Markham  
Chief Engineer
