Box 94
Geneva, Nebraska

Dear Mr. Nittler:

You were correct that it was KRNT you were listening to on August 11, 1955. Of course, Geneva is well out of our listening area. However, at that time of the morning, with proper weather conditions, it would be quite possible for you to pick us up. This would be mainly because a lot of other stations with our frequency are not yet on the air.

Thanks for letting us hear from you.

Cordially,

Joe Hudgens
