

WOC Radio Station
~~509 West 29th St.~~
Davenport, Iowa
June 4, 1955

Dear Maurice,

We were very pleased to hear from you, and are gratified to learn that we are being heard as far away as Geneva, Nebraska.

We have a frequency check every Wednesday from 12:05 AM to about 12:20 AM, and "Dark Town Strutter's Ball" is our theme. The rest of the program consists of the jazziest records we can find in the stack for the day.

I must correct one mistake, I am not chief engineer. In fact, I am the newest engineer on the job. When Ed Zack signed off he was only kidding when he announced me as chief engineer. I took quite a razzing about being promoted so fast.

Your letter caused a great deal of attention at the station. Ed Zack was especially pleased. In fact, he mentioned your letter and a summary of the contents on the air on his disc jockey program this morning. It is the first letter of this kind we have received in a long time.

We are glad you tuned in on us and hope you catch us again some time. Apparently the frequency check showed we were still on 1420 KC since the F.C.C. hasn't thrown us off the air yet.

yours truly, Chet Anderson
Engineer
