Bill Nittler  
Box 824  
Mancos, CO. 81328

Dear Bill;

Thanks for your letter confirming the reception of our AM radio station on 1/5/88. Judging by the times you heard it and the dialogue you quoted, it looks like I must have been the one on the air at the time. It is surprising how well a single kilowatt can do when conditions are right.

I can appreciate your love for SWL and BCL as I am an amateur radio operator (K7SU) and have been for 22 years.

KEZJ-AM is a one-kilowatt operation from 5 AM to Midnight each day. We also operate KEZJ-FM, 50-kilowatt 24 hours, format is Country Music.

I'm sending you some station stuff, including a bumper sticker.

Again, thanks for your letter.
