Mancos, CO 81328

Dear Bill,

Thanks for your DX report on KRXK-AM. You have indeed heard us. We are now full-time 1000-watts at 1,230kcps. And we were doing a sports broadcast at the time. We are the "Voice of the Upper Valley."

Yours,

A handwritten signature in black ink, appearing to read "John H. Wiegman". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.
