

October 8, 1964

Mr. Maurice W. Nittler  
4590 So. Julian St.  
Englewood, Colorado

Dear Sir:

Thank you for your letter dated October 5, 1964.

At the time you heard WINU we were conducting our monthly frequency test.

WINU operates on 1510 KC with 250 watts of power and uses a two tower directional antenna.

Sincerely yours,

Glenn F. Bircher
