Dear Sir:

I am happy to confirm your reception report of our frequency check March 7. We are especially happy to hear from you in your location since this is the first report from that far west. We have only one previous report from west of the Mississippi River and that was from Iowa. The most of our reports have been from Pennsylvania, New York and the New England states.

If you have any friends in your area who might be interested in some early morning listening, our monthly check is the first Monday of the month each month from 12:05 to 12:20 AM CST.

Thank you again for your complete report and the interest you have shown in our station. Best of luck to you in the future.

Sincerely,

David L. Butler
