

# WKAI MEMO

July / 21 / 54

TO: Maurice Nittler  
Box 94  
Geneva, Nebr.

FROM: Allen Fobes  
Manager

This confirms your DX report for June 23, and I'm only sorry you didn't get a reply sooner....but we were doing a major transmitter overhaul job at the time and didn't get many letters written.

I was especially interested in learning that we reached you during the wintertime. At that particular time dry ground at our transmitter site was causing so much trouble that we could barely get beyond the city limits.
