

PURDUE UNIVERSITY

STATION WBAA
LAFAYETTE, INDIANA 47907

March 10, 1969

Mr. Bill Nittler
P.O. Box 112
Englewood, Colorado 80110

Dear Mr. Nittler:

This letter confirms your reception of WBAA's special broadcast on Monday, February 24, 1969, at 1:00 AM.

Program details as logged by you and reported to us were correct. The promptness of your report is appreciated.

WBAA is the oldest radio station in the state of Indiana. Broadcasting began from West Lafayette in 1922. Wireless experimentation began several years before that.

During 1969, Purdue University is celebrating its 100th year of operation and WBAA is proud to share in the celebration.

Our regular broadcast day is from 7:00 AM to 10:00 PM Monday through Saturday. Our daytime power is 5000 watts. At night we are directional at about nine degrees East of North with a power of 1000 watts.

The special broadcast was made in response to a request from the Radio Listeners of America and a list of persons requesting confirmation is included.

We enjoyed being of service to you, and will continue to cooperate with broadcast band listeners whenever possible.

Sincerely,

David Bunte
Production Manager

DB/mf

CENTENNIAL 1869-1969
