

WOWI

P. O. Box 526
New Albany, Ind.

November 25, 1959

Mr. Maurice W. Nittler
3663 South Clarkson
Englewood, Colorado

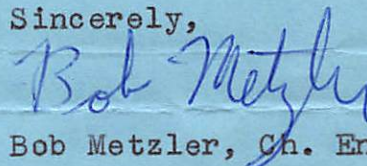

Dear Mr. Nittler;

Thanks very much for your recent letter reporting reception of our morning sign-on at 6:29 CST on November 20. Your report checks both with the time and wording of our sign-on, so this letter serves to confirm your reception of WOWI on the above date and time.

I'm especially pleased to receive your letter since it reports reception during our regular operation hours; of course we receive a considerable number of distant reports after periods of equipment testing between midnight and sunrise but these mean little since our authorized operating hours are daylight; a distant report like yours during actual operating hours (although I realize, of course, that it was not daylight in Colorado) means much more to most of us. If we could arrange for XERF to have technical difficulties more often, we would doubtless have many more such reports!

Thanks again for your letter.

Sincerely,

Bob Metzler, Ch. Engr.
