Mr. Bill Nittler
603 West First
McCook, Nebraska 69001

Dear Bill:

Right up front I want to apologize for taking so long to get back to you on your reception report of February 6. We have been in the middle of rebuilding our AM antenna array and rebuilding all of the air studios - all at the same time. During that time we've also had a call letter and format change. We are now WQHK - "The Hawk"!

As you know we are a 5KW fulltimer with separate day and night patterns. We beam north and south during the day using a three tower dogleg array and north at night using a four tower inline array. We run a 5KW RCA BTA-5L ampliphase transmitter. We protect KWK in St. Louis.

Once again thank you for your report and I do apologize for us not answering soon. Continued good luck in your hobby.

Sincerely,

A handwritten signature in blue ink that reads "Randy".

Randy Henderson
Asst. Engineer
