80110

Dear Bill:

This is to confirm your reception of WRIN on Monday,
July 20, Thank you very much for the report.

WRIN operates daytime only, non-directional, 250
watts, from one mile north of Rensselaer.

Again, our thanks for the report, and best wishes.

"Keep listening."

P.S.

Re DX'ing hobby - we are always glad
to answer letters. It helps our morale a little
to know we're reaching out to distant locations.
And, as a ham radio operator (K9BXE) I share
your interest in radio as a hobby
C.N.M.

Best regards,

C.N. Miller
