

A MISCO Station

6-2-82

Mr. Bill Nittler
Box. 36
Nucla, Co. 81424

Dear Bill:

I would like to thank you for the fine reception report concerning our station, and I'm sorry that it's taken so long for us to reply. Your report was quite accurate and we are certainly pleased to know that we're getting out so well on 250 wts. I've just finished another reply concerning a reception report from West Germany , so evidently 1982 has been a good year for Broadcast DX. I'm enclosing a copy of our most recent monthly newsletter which our station publish's for local listeners. As you'll note in the letter KAKZ is soon to be moving to new studio's in downtown Wichita, so we're all going to very busy in the next few months. Once again thanks for the report and I wish you luck in future Broadcast DX'ing.

Sincerely,

Larry E. Means
C.E. KAKZ.
